

ILLUSTRATION OF PROCESSING PROPHETIC WORDS

Prophetic Word Received Concerning Nigeria (Aug 2020)

Original Word

- There will be some breaking down to build up. The Lord will pull down some old structures and systems before He erects His new structures. Breaking down of old mindsets and frameworks that will need to be pulled down. Borrowed frameworks, inappropriate frameworks, round pegs in square holes. Need to develop frameworks that suit our reality and our vision.
- I sense that this will start with the Church. Some men and women of God will struggle to align with what God is doing and they will end up being relegated. At this time, the Lord is seeking people who will align with His plans and not their individual plans and agendas.
- We are going into a season where there will be some stirrings but we should not fear. The pressure we will feel is the fire which is purifying His gold. He will use the fire to bring up the dross so people can see the gold.
- I sense the Lord saying that we should expect the unusual and not to be disturbed by it. People will be looking for “salvation” to come from one place, but it will come from somewhere else.
- In this period, key people will be moved in and out of positions. This is also the season where we are going to see His people, the remnants, coming out of their hiding places and taking their places in all the mountains of society.
- We, as the body of Christ, should be careful to build up those of us who come to the fore and not pull them or tear them down; especially when they do not fit the picture we have.
- Instead, the Lord is calling His watchmen to partner with Him. To seek His heart concerning the different spheres of society and to partner with Him in prayer and action to see the manifestation of His promises
- Nigeria is a light to the continent of Africa. It is a head lamp which must be connected to the right power source - God. What goes on in Nigeria affects the rest of the continent.
- Lastly, I see Nigeria entering a season of restoration of hope. Where the Lord will restore His hope into the hearts of His people and into the heart of the nation.
